EXAMINER'S AMENDMENT

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on July 26, 2004 has been entered.
2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jack Schwartz on November 24, 2004.

The application has been amended as follows:

Claim 1, line 6, the word "an" has been changed to "wherein said" and line 7, the phrase "the internal memory" have been changed to "an internal memory", to place this application in condition for allowance.

3. The following is an examiner's statement of reasons for allowance:

The present invention is directed to a television receiver furnishing with a memory intended to contain service data, wherein it furthermore includes means for receiving said service data and usage criteria associated with the usage of these

service data. Each independent claim identifies the uniquely distinct features: "a processing module able to correlate the usage criteria of said service data and storage criteria characterizing the memory with a view to determining the kind of memory used for the storage of the service data in said memory, wherein said memory includes an internal memory, an external memory connected to the receiver and a remote memory accessible via a network". All the references of record, either singularly or in combination, fail to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Trang U. Tran whose telephone number is (703) 305-0090. The examiner can normally be reached on 8:00 AM - 5:30 PM, Monday to Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, John W. Miller can be reached on (703) 305-4795. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
